Use the space below to create your home fire escape plan:

Instructions:

1. Draw a floor plan or a map of your home. Show all doors and windows.
2. Mark two ways out of each room.
3. Mark all smoke alarms with "SA". Smoke alarms should be in each sleeping room, outside each sleeping area, and on every level of the home.
4. Pick a family meeting place outside where everyone can meet.
5. Remember to practice your plan at least twice a year.
6. Grown - ups: Children don't always awake when a smoke alarm sounds. Know what your child will do before a fire occurs and designate a family member to care for toddlers.
